

PATROLSIM IV

DRIVER TRAINING SIMULATOR

The PatrolSim™ IV Driver Simulator uses the latest in digital simulation technology to create real-world training scenarios of virtually any kind to improve driving behaviors and skill sets in a risk-free environment.

KEY FEATURES

- 180° view using three-channel plasma screen immersive driving environment combines look and feel of a real vehicle.
- State-of-the-art software delivers sharp visuals and crisp images to enhance learning objectives.
- Force-loaded steering provides real-time feedback to augment muscle memory in situations such as tire blowout or sloshing loads.
- High resolution graphics on plasma displays provides unmatched realism.
- NEW Scenario Builder Software – drag and drop, easy to use scenario editor.

SPECIFICATIONS

- Height: 83 inches (2.11 meters)
- Width: 119 inches (2.94 meters)
- Depth: 63 inches (1.7 meters)
- Weight: 1200 pounds (544 Kg)
- Power Requirements:
 - 60Hz, 20-amp, 115vac - Simulator
 - 60Hz, 15-amp, 115vac - OpCon
- Minimum Room Size: 10'x10'x 8' H
- Cooling BTU per hour: 12,000

PATROLSIM IV

DRIVER TRAINING SIMULATOR

FEATURES AND BENEFITS

- Practice critical decision making skills in a risk-free environment.
- Comprehensive training with hundreds of POST Certified Scenarios consisting of traffic stops, pursuits, multiple vehicles, emergency responses, etc.
- SimCommander allows the driver to navigate through the training program via touch screen, freeing up the resources of the trainer.
- Coordinated pursuit training scenarios via multiple networked simulators.
- Officers can practice vehicle handling skills including PIT maneuvers, J-turns and skid pad training course.
- OpCon / Instructor Operating Station (IOS)
 - Control/drive any scenario vehicle to customize training experience.
 - Act as the dispatcher.
 - Control the training environment by changing the weather, time of day and vehicle characteristics.
- Compatible with use of force simulators.
- Compatible with intersection analysis and scoring tools.
- Tested & Certified to Applicable Safety & Emissions Standards (CSA US, CE & FCC).
- Mobile training trailer options available for purchase or lease.

L-3. Leading. Headquartered in New York City, L-3 Communications employs over 63,000 people worldwide and is a prime system contractor in aircraft modernization and maintenance, C³ISR (Command, Control, Communications, Intelligence, Surveillance and Reconnaissance) systems and government services. L-3 is also a leading provider of high technology products, systems and subsystems. The company reported 2006 sales of \$12.5 billion.

C³ISR > **GOVERNMENT SERVICES** > AM&M > SPECIALIZED PRODUCTS

July 2007 * All specifications are subject to change without notice. GSA Schedule #: GS-02F-0209R.
Cleared by DoD for public release under 06-S-0084 on October 28, 2005.

Practice high-risk skills in virtual environment.

Improve officer reaction/response time with our skill track training course.

Coordinated response training.

NEW drag and drop Scenario Builder software makes creating customized training scenarios a breeze.
